Office will not meet the difficulty.
It seems to me that if an extension of the Division Cutcherry building is feasible the Chief Court may be removed thither. This would provide all Courts (Judl., Revenue) in one locality and be very convenient to suitors and pleaders. The vacation of the rooms now occupied by the Chief Court will thus be available for the I.G.'s office and other offices. This is a "P.W." question. Submit to Duncan.

the papers received with your No. 3063/J.322 dated 25th August last, (herewith forwarded) a rough project amounting to nearly 3 Lakhs was got up by the Supdg. Engineer, Eastern Circle, for additions to the District office building (which included provision for the Revenue Survey Office also), and it was ordered to lie over by Col. McNeil Campbell for want of funds!

III. Proposals for building a separate office for the Revenue Survey department were submitted to the Dewan on the 19th instant and this being an urgent work, it will probably be started almost immediately. This will somewhat reduce the accommodation provided in the project referred to in para II above, but cost is not likely to be much less than 2 3/4 Lakhs.

IV. Funds not being available owing to financial pressure, there is no chance of extra accommodation being provided at present for the office of the Inspector General of Police, or for the other offices

now located in the old Palace building in the Fort. I have therefore issued orders to the Superintending Engineer, Eastern Circle, to have the necessary repairs to that building carried out at once.

V. I would invite your attention to the Deputy Chief Engineer's report forwarded to you with this Office No. 2014 of 22nd April 1899, from which it is evident that new Office must be built, as soon as money can possibly be made available.
